

Disposable Child Mask FOR BOYS

For children over 3 years - Designed to fit children

The Giraffe face masks are with a 5-layer construction of soft non-woven polypropylenes. It blocks out smokes, dust and pollen effectively, protecting you and your loved ones. Giraffe earloop masks are perfect for infant care, housework, and gardening. Easy to breathe through; these masks will protect you to get the job done. The product uses non-woven fabrics such as ultrasonic heating, spot welding and tape production processes, cellulose and paper/co-carbon steel aseptic for single use.
